

St. Monica's Play School & Kindergarten(Tsuen Wan)

Notice 23

1. Although the EDB has announced that all kindergartens in Hong Kong did not require to do RAT and measure their temperature daily before going to school, children's ability to participate in group activities and self-protection at school is low. In order to reduce the risk of germ transmission, we have the following measures:
 - Children are required to measure their temperature daily and record in body temperature record sheet. The staff and teachers will check the record sheet for every child daily. If the child is having fever, the child needs to rest for 2 more days after the fever subsides. Thank you for your cooperation.
 - We suggest children wear masks every day at school, if the child has the symptoms of flu, cough, runny nose, etc., need to rest at home.
 - Please put clean masks in students' school bag (**3 masks for half-day classes/ 5 days for whole-day classes**).
 - Children who have symptoms of flu and fever, please finish RAT at home in order to reduce the chances of germs being infected into the community. If the child or parents got COVID-19, please need to rest at home until recovered with a negative test result.
2. In order to count and arrange books in library, parents are required to **return all the books to school before Mar. 24 (Friday).** There will be book returning service only on that day while **borrowing service is suspended until Apr. 17 (Monday).**
3. Participants of "Nature Experience Ocean Party" for K2 parents and children on **Mar. 24 (Friday)**, please gather at 8:50 a.m.at school punctually. **(No waiting for late-comers).** Children please wear sportswear and bring rucksacks. Parents are required to wear casual wear.

St. Monica's Play School & Kindergarten(Tsuen Wan)

4. Please noted that some inspectors from the EDB are going to visit our school between 27th March and 30th March for observing the performance of children and teachers in class and exchanging ideas.
5. Please log in via the following link or scan the QR code to vote for **5 best pictures on or before Mar. 27**. In order to have a fair poll, each person can only vote once, and registration is needed by using contact number. Thanks for your cooperation! Thank you for participating!
